WE, THE CLASS of 1959, entered BUHS in the year 1955 with one hundred eighteen boys and girls

At our first class meeting, we elected Jackie Meck, president; Jerry Bridgman, vice-president; Pattie Davis, secretary-treasurer. Selected to represent us freshmen on student council were Sandra Kelley and Gilbert Vasquez. Pat Richardson was selected as our Rodeo Queen candidate. Homecoming King-Queen candidates were Bud Schulz and Patti Davis. Our most important social event was the Freshmen Follies.

As the doors of BUHS opened in 1956, one hundred one sophomores filed through, only seventeen less than the previous year. Elected as officers were, Jackie Meck, president; Gilbert Vasquez, vice-president; and Diane Makin, secretary-treasurer. Student council representatives were Margaret Hindman and Jerry Bridgman. Homecoming King and Queen candidates were Jerry Bridgman and Diane Makin. Margaret Hindman as our Rodeo Queen candidate became Queen of the Helzapoppin Rodeo. Our Sophomore Hop was very successful.

As Juniors we were eighty in number, quite a decrease. Our officers were Ed Van Landingham, president; Steve Bales, vice-president, Pat Richardson, secretary-treasurer. Student council representatives were Barbara Sanders and Jackie Meck. As our Homecoming King and Queen candidates we selected Pat Richardson and Ed Van Landingham. We sponsored the Junior-Senior Prom with the theme Chinese Gardens.

This year we are one of the largest graduating classes to leave BUHS. We elected these officers for our final year: Gilbert Vasquez, president; Marta Acedo, vice-president; Brenda Barclay, secretary-treasurer. Our student council representatives are Judy Clemit and Bob Hargar. This year we sponsored the Homecoming Dance, Steve Bales as our King candidate became King of the Dance. Diane Makin was our Queen candidate. Our most exciting event other than Homecoming was Ditch Day!

# Prophecy

The year 1980 A.D. finds me SANDRA KELLEY aimlessly roaming the barren face of the earth. Everyone even my fellow graduates of 1959 have evacuated to the planet Neptune, I remain because I was too sentimental to leave my home in Buckeye, Arizona and the many memories of my high school days at good old BUHS.

I have written an account of those 59 grads who have taken up their respective occupations on Neptune. The report was sent to me from the planet by PAT DAVIS and DIANE MAKIN.

HELEN FARR and JANNY HENRY after many years of fighting were the first earthlings to be married by the newly ordained Neptunian minister DALE COOK.

In the world of sports JERRY BRIDGMAN JACK E MECK and ED VANLAND NG HAM hold positions on the All Neptunian football team. By the way their first game of the season will be January 3, 1981, against the All-Planetarians.

JUDY CENIT and GILBERT VASQUEZ are also capturing the spotlight as the Universal Tennis Players of 1980.

JERRY ROSSCUP has established the first mission among the Neptunians. He is assisted by his faithful followers JOYCE COOK and CORE McGINTY.

NOEL HAMILTON was greatly honored when he was placed as head engineer for the construction of the colossal XXX190 which will explore the unknown darkness beyond Neptune. The crew members to make this perilous journey will be DAVID ESTES fuel engineer, JIM IVIE radar technician, WALLACE PAYNE copilot, JOHN MARSDEN food detail and by all means a pilot spinner JEANNE SIMMONS, to keep everyone hep, naturally.

EDGAR LAWLER has opened the first interplanetary Drive-in theater. It is run by a remarkable piece of mechanism which was designed and built by CORRELL and HOLLOWSTEIN. First your rocket is placed on an automatic pulley and then is directed to a parking space. The controls of the pulley are run by one of his four assistants, MARGARET ALLEN, ALENE BRODE, ALVINA OBER and IRENE ORTEGA. These however are no ordinary assistants. They are dressed in beautiful exotic costumes. These costumes are only a few of the many creations turned out by the one and only KAREN ALLDREDGE. KAREN has opened a shop where she designs spacewear for the fashion wise females of Neptune.

The WOOTTEN Medical Institute has many outstanding women students such as JANICE ADCOX, TERRI HEFFLEY and IRENE AMABSCA. After these girls have received their diplomas they will be assigned to the following stations. JANICE will go to Yaree which is located on the fourth moon of Saturn. TERRI will be placed on the cold side of the moon at Birrrrrr and RENE has been assigned to travel as a space-school nurse.

BARBARA LINDSEY LZ PROCK, LARRY COLLINSWORTH and CHUCK VINCENT have started their own version of Little Theater. Their first production will be a revised version of the 50-year old play "Arsenic and Old Lace."

The "Three Rocketeers," MARGARET HINDMAN, BARBARA SANDERS, and SAN-

MRA FAULLONER have succeeded in getting the cutlassed fly burner to Neptune. They now stage a rootin-tootin', bronco-bustin' planet rodeo, every Saturday when Neptune's second moon is high in the sky.

LINDA WILLIAMS, editor of the famous newspaper, "The Comet," has just completed the 1st batch of FERN THREASHER - A stack of poems "Love By the First Moon of Neptune."

After breaking her seventeen "I'm fine" hat JEAN EDER started the first two hearts on the planet Neptune.

CAROL McDONALD was found taking a morning dip in her diamond studded pool, which was filled with pink champagne AND\*\*\*\*\*get this girls she is well PREPARED for the next big contest or the year. ROB HARGER and RICHARD REYNOLDS

Even now the space age hasn't elluded the magnetic personalities of those Western film stars, "Lightning Draw" STEVE BALES, "Slim Hat" HAROLD SANDERS, and "Slippery" JIM PIERCE.

The Space Invaders WAYNE CHWEKAST and AV D FRANCIS are currently featuring the hideous one-eye, one-horn flying purple people eater.

BRIGE NARRATOR is a very good looking girl named NANCY WY E has a cleverly designed Crepe Paper tent in her garden room in the home is the "Hide-a-way" kitchen, created by DALE McCALL. You simply press a button to fold up the walls.

The twelve blond headed children you see roaming around the planet are JUDY PRINCE. Her hair is spray painted in a variety of colors from Neptune to Venus.

HAL BRIGGS is conducting the All-Planet Orchestra and is spotlighting the marvelous MARTY ACEDO on her comet. YES, she is actually standing on her comet juggling the famous line of paper plates from the JR. LAYTON Paper Ware.

The mechanism of the time is the remarkable hair styling machine originated by LINDA JAMES, LIZ REFFOHL and DEENA SCHULZ. This machine cuts hair, does permanents, curls hair, and, yes, even colors it.

BRENDA BARCLAY is still driving the super speed highway after hours in her supersonic brown Ford. HELEN GRIFFIN joins her at midnight. At 2 o'clock they can be seen at Hunter's Old, Old, Old, Fashioned Hotdog stand, owned and operated by ED HUNTER.

The D SMITH & D TYREE Book Publishers are now turning out polarized Government books by the thousand for those who want to improve their minds. Salesmen for the books are YVONNE POWERS and CLARA MARROW.

And last but not least we have our Neptune Bubble Dancers PAT RICHARDSON and BARBARA BRIGE. Their act consists of extraordinary tap dancing while at the same time they blow bubbles from a bubble pipe.

Well there you are those 1959 graduates don't spare. But me I will continue to live by my lonesome, on the deserted planet Earth.

## FREE ENTERPRISE

### Means Better Times

The job you'll have—the place you'll work—the tools you'll use, are all the result of free enterprise at work. Free enterprise means continuing progress through keen competition. It means a better life; a more challenging future for you.

Business managed companies like Arizona Public Service are proud to be a part of this system; proud to take part in local activities; to pay their fair share of taxes, and to provide good service at a fair price. This is free enterprise at work—working for your future.
